

PURE TUNG OIL

CAS No. 8001-20-5 EC No. 232-272-3

TUNG OIL is extracted from the nuts of tung tree

Specifications	First Grade Quality
Appearance	Transparent or slightly turbid
Color (Gardner)	7 - 8 Max.
Specific gravity (20°C)	0.9360 - 0.9395
Refractive index (20°C)	1.517 - 1.5225
Iodine value	163 - 173
Saponification value	190 - 195
Moisture & impurities	0.3% Max.
Free fatty acid (FFA)	3% Max.
Worstall's heat test	7.5 minutes max.
Beta tung oil test	Negative(no crystalline precipitate)

To prevent spontaneous polymerization store at 18-20°C in ventilated cool place
Avoid temperature below 15°C, avoid fire and high temperature
